  "playerName": "Chuckling Warrior",
  "avatars": [
    { ... },
    { ... }
  ],
  "lastActive": "2026-01-31T05:31:10.5451457Z"
}
```

Object Properties

id **guid**

A unique ID for this player.

created **datetime**

The date and time this player was first registered in the game.

playerName **string**

The publicly facing player name for this player.

avatars **Array<Picture>**

If player has an avatar, a list of **picture objects**. Each picture object is the same avatar, but provided in different sizes. Sizes available are based on widths, and the widths **16, 32, 64, 96, 128, 256** will be shown here along with the original avatar size if it doesn't match a width in this list. Some sizes may not show if the width is less than the original avatar width.

lastActive **datetime?**

The date and time UTC this player last interacted with these services.
