Paid plans only Some kinds of project files added to the Project Bar can be edited directly in Construct using one of the following file editors. See the section on each editor for more information.

- Array files (stored in JSON format) for the Array object can be viewed and edited with the Array editor.
- Dictionary files (stored in JSON format) for the Dictionary object can be viewed and edited with the Dictionary editor.
- Any other text-based file can be viewed and edited with the Text editor.

Opening the file editors

To open a file editor, start by adding a new file in the *Files* folder of the Project Bar. For more information, see project files.
