ISDKPLUGINBASE ADDON SDK INTERFACE

View online: https://www.construct.net/en/make-games/manuals/construct-3/scripting/scripting-reference/addon-sdk-interfaces/isdkbehaviorbase

---

The `ISDKBehaviorBase` interface is used in the runtime as a base class for behaviors created with the addon SDK. It derives from IBehavior.

ISDKBehaviorBase APIs

The `ISDKBehaviorBase` interface does not currently have any of its own APIs.
